*Dear Diary;*

This morning we had our induction at church which was a very very important day. Then we had a shared church lunch which is always great. We left on our field trip at 2.30 and went to the Groynes for a 6km walk.

We had to carry our own dinner in our backpacks, a drink and our jacket all the way. But we had loads of fun on the way because we were looking all over for bugs, leaves, rocks & seeds. We had to look for all sorts of things. Things that were naturally supposed to be there and things that weren't like yucky rubbish.

We had such an awesome day all capped off with Sanitarium sausages in bread and LOLLIES! All our hard work paid off!

Adventurers Rocks!
