
SPONGE ART

1. Make a sponge puzzle out of different shaped sponges. (Use polyester sponges, not cellulose). Make an outline card for the puzzle using heavy posterboard and laminate.
2. Will the shapes stand on their edges? Can they be stacked? Sort them by color and shape.
3. Make a sponge animal or object. (Use craft glue, not white household glue.)
4. Using paint, make a sponge art picture of your choice.
5. Using paint and sponges, make one of the following:
 - Your name—decorate around it
 - An animal
 - Your favorite toy
